

BRITISH FORCES AT JOHANNESBURG

Robert's Announces That
He Will Work Into
the City Today.

NOW IN THE SUBURBS

Takes Railway Junction and
Says No Mines Have
Been Destroyed.

GEN. BULLER MAKES PROGRESS

London, May 30, 3 a. m.—Johannesburg is practically surrounded by Lord Roberts' troops, and the field marshal announces that unless he meets with unexpected opposition he will enter the town with his whole army at noon today.

May Reach Pretoria Friday.

Lord Roberts gives no information regarding the direction in which the Boer army have gone but it is supposed that they have tracked north or northeast before the oncoming tide. The invaders assuming that Lord Roberts takes possession of Johannesburg today as predicted, will be in front of Pretoria not later than next Friday. Gen. Buller remains stationary in Natal where he evidently is awaiting direct pressure of the Boers by force from the north.

The Mateking relief column is reported to be slowly moving in the direction of Pretoria, carefully scouting the country ahead. All Britain is jubilant over the prospect of a speedy termination of hostilities.

London, May 30.—[Special Cablegram]—Gen. Buller reports from New castle: "Gen. Hildyard has captured Utrecht in the Transvaal. Glory is beingarding Laing's Nek. The enemy has been forced to retire from Dornberg where they threatened my right and rear. The Boers are disheartened and did they not occupy such strong positions they would not show any fight."

A dispatch from Klip river says that Roberts' troops are on half rations.

Lord Salisbury Speaks

London, May 30.—During the banquet tendered him last night by the City of London Conservative Association Premier Salisbury rose, holding a paper in his hand, and said:

"I find that Lord Roberts has occupied Johannesburg."

This announcement was followed by a wild display of enthusiasm, the company cheering for "Boys" and singing "God Save the Queen."

Lord Salisbury's later, when proposing

a toast, referred to "the glorious news received," and said:

"One thing we have learned from this war is that everything depends upon the general."

GEN. ROBERTS AT JOHANNESBURG

Announces that He Will March Into the City with His Army.

London, May 30.—The following dispatch from Gen. Roberts was received at the war office:

"Germiston, May 29.—We arrived here this afternoon without being seriously opposed. There were no casualties, so far as I am aware, in the main column, and not many, I trust, in the cavalry and mounted infantry. The enemy did not expect us until tomorrow and have not carried off the rolling stock. We have possession of the junction connecting Johannesburg and Natal and Pretoria and Klerksdorp by railway. Johannesburg is reported quiet. No mines, I understand, have been injured. I shall summon the commandant in the morning, and if, as I expect, there should be no opposition, I propose to enter the town with all the troops at 12 noon."

In Favor of McCoy.

Chicago, May 30.—The pugilists, Kid McCoy and Tommy Ryan, fought their six rounds at Tattersall's before the largest crowd that ever witnessed a boxing bout in this or any other city in the country. McCoy won the fight. At least he got the decision from Malachy Hogan, who refereed the fight. After Hogan had given his decision in favor of McCoy Ryan rushed up to him and the climax of a rather heated argument was an impromptu mix-up between the pugilist and the referee. The men were separated before any damage had been done.

Land Tillers and Owners.

Now is the time to commence using the spade and plow to destroy the noxious weeds. We hope to hear of no complaints of non-compliance with the law of our state, so please give this your diligent attention. O. N. Dutton, Weed Commissioner.

VOTE INDORSEMENT TO YATES

Brotherhood of Locomotive Engineers Unanimous for Him
Milwaukee, May 30.—The Brotherhood of Locomotive Engineers at its session yesterday afternoon unanimously passed resolutions indorsing Judge Yates for Governor of Illinois:

Delegates refused to talk about the resolution further than to say the members of the brotherhood had followed the course of Judge Yates with much admiration. They had always found him fair to organized labor as a whole, and especially friendly to the members of the brotherhood. His decisions were, in their opinion, always just and fair. In addition they had always felt a high admiration for his father.

New York, May 30.—All grades of refined sugar was advanced 10 cents a hundred pounds today.

FOREIGN MARINES LAND AT TAKU

European Powers Have Undertaken to
Check the Advance of the Boxer
Army in China.

Pekin, May 30.—[Special Cablegram]—Detachments of French, Russian, and British marines have landed at Taku. The relief party sent to Chang Tien returned bringing twenty-five persons who were in danger of capture by Boxers. The railway from Peking to Tien Tsin is reported safe.

Washington, May 30.—[Special Telegram]—It said that a message received from Gonger at Peking, contains information to the effect that the boxers murdered nine Methodist converts at Pa Chow and burned several railway stations near Peking.

PRESIDENT IS AT ANTIETAM TODAY

Attending the Ceremonies of Dedication
of the Maryland Monument—
The Day at Arlington.

Washington, May 30.—[Special Telegram]—The president and several members of his cabinet left this morning for Antietam battle field, where they will witness the ceremonies of dedication of the Maryland monument. The Decoration day exercises under the auspices of the Department of the Potomac in all the cemeteries were the most striking at Arlington, where addresses were delivered. The senate adjourned over today.

PRINCE OF WALES WON THE DERBY

Diamond Jubilee Got In First For the
Great Event—American Horse

Epsom, May 30.—[Special Cablegram]—The Prince of Wales Diamond Jubilee won the derby. Keene's American horse Disguise was third. There was a brilliant attendance.

CZECHS CANNOT BE PLACATED

German Deputies Refuse Their Recent
Demands.

Vienna, May 30.—A most important conference of Czech and German deputies in the reichsrath was held Sunday to seek some way of settling pending parliamentary disputes and securing the passage of a provisory budget. It was the same old story of demand and refusal. The Czechs demanded that Bohemian be made the official language, not only of the Czechish districts, but also of all intercourse between the imperial government and the authorities of those districts. They insisted that the proceedings in the Appellate courts of Prague and Vienna should be carried on in German and Czechish jointly. The German leaders declared that it was impossible to discuss these demands and refused to discuss them, whereupon the conference broke up without accomplishing anything. The dissolution of the reichsrath, although deeply and generally regretted, is inevitable. Vienna is rapidly filling up with American visitors. A party of 100 arrived Sunday and a party of 200, including several prominent Chicagoans, is expected Tuesday.

Thanks for Aid to India.

Calcutta, May 30.—The Englishman comments on Louis Kloppsch's visit, and says:

"Lord Curzon recently bailed Emperor William's famine gift as a sign of the solidarity of the Anglo-Saxon and Germanic races. Mr. Kloppsch comes with his hands full of grain and his pockets full of money for the purpose of saving our fellow subjects from starvation. May not we recognize the same principle at work? Mr. Bryce said a dozen years ago the Americans were the most philanthropic nation in the world. Until we have a chance of repaying it, let Mr. Kloppsch's visit and the work he has done and is doing remain convincing proof thereof."

BIRTHDAY OF THE REPUBLICAN PARTY

MEN WHO HELPED TO MAKE
HISTORY IN 1856 CELEBRATE.

Anniversary of the Day in Bloomington, Ill., Yesterday—Story Told By the Survivors—Republican Party and Lincoln Given to the Nation at the Same Meeting.

Bloomington, Ill., May 30.—Forty four years ago yesterday in a grimy, three-story brick building in this city, the Republican party was born. Then, too, it was that Abraham Lincoln made the address famous as the "lost speech," which indirectly led to his election as president. Then it was that the anti-Nebraska democrats and whigs, the abolitionists and the Americans formed one party, pledged unalterably to one great cause—the freedom of the slaves.

The anniversary of that eventful convention held on May 29, 1856, was celebrated yesterday. Men who helped to make history in those anti-bellum days, who sat in the convention of 1856, came to Bloomington and took part in the first commemoration of the meeting in old Major's Hall forty-four years ago.

Former Senator John M. Palmer, who presided over the convention of 1856, last night, in spite of recent sickness and his eighty-two years, read his own account of the events of forty-four years ago.

George H. Schneider, who with Gen. Palmer was elected delegate by the Bloomington convention to the national convention at Philadelphia, was also here today.

Surviving Editors Present

Of the group of anti-Nebraska editors who met in convention in Decatur in February, 1856, to issue the call for the convention which met in Bloomington, the three survivors, Paul Selby and George Schneider of Chicago and Benjamin Shaw of Dixon, were here. Selby at that time represented the Springfield Journal, Schneider the Chicago Staats Zeitung, and Shaw the Dixon Telegraph, with which he is still connected.

General James Ruggles, Colonel William Volke, General Thomas J. Henderson, James McWilliams and others who sat in the convention at which the republican party was born also attended the meeting.

The great men of MacLean county, largely responsible for the work begun in Bloomington in 1856—Judge David Davis, Isaac Funk and Jesse W. Fell are dead, but their children and their children's children listened to the story of how wisely and well their ancestors behaved.

All Praise Lincoln.

The meetings were held in the Unitarian church which is only two blocks from old Major's hall where the historic convention was held. The hall was decorated with flowers and plants and a life size picture of Lincoln. Much was said by the speakers in praise of Lincoln, for the convention which was celebrated yesterday gave Lincoln as well as the republican party to the country.

CAUGHT A BANK ROBBER.

He Was Encased in Sheet Iron Armor and Planned to Hold Up a Cashier.

Chattanooga, Tenn., May 30.—An unsuccessful attempt was made to hold up the cashier and rob the vault of the Bank of Grundy County at an early hour Friday morning. Tracy City is the home of the Tennessee Coal and Iron Railway Company, a small village composed of miners and coke oven workers. The year round and summer boarders during the hot season. One bank does all the business for the entire county. When Cashier Byers entered the bank about 8 o'clock he missed a revolver from its usual resting place, and at once became suspicious. Constable Hall happened to step in at that moment and the two started to investigate. An old-fashioned sofa rested near the entrance to the vault and behind it crouched the form of a man. The cashier removed the sofa and the burglar raised his masked face to look into the muzzle of the officer's gun. He had secured the bank revolver in addition to his own. He carried a kit of burglar's tools and his body was encased all around in an armor of sheet iron a quarter of an inch thick. He proved to be Will Adams, a local tough, who has been suspected of several burglaries. His plan was to wait until Cashier Byers opened the vault, then hold him up and rob the vault, after which he would lock the cashier in while he made his escape.

TO RETALIATE ON GERMANY

Representative Bailey Introduces a Sharp
Measure in Congress

Washington, May 30.—Sharp retaliation upon Germany for the meat bill is proposed in a bill introduced in the house today by Representative Bailey of Kansas. By this measure the president is authorized whenever he finds American products are being excluded from Germany by the new law to issue a proclamation adding 10 per cent to the tariff duties upon all duties coming into the United States from Germany.

Hecla Mine Fire Not Yet Out.

Houghton, Mich., May 30.—The fire in Hecla mine No. 2 is still burning, but the escape of smoke and gas resulting from the underground combustion is well under check. The South Hecla or Black Hills shafts are being worked regularly.

AMERICAN TROOPS SLAIN AT SAMAR

FILIPINO REBELS DISPLAY INCREASED ACTIVITY.

Four Americans Fall, Among Them Being Lieut. Evans of the 43d Infantry—One Thousand Filipino Attack Town of Coterman—Pawin, a Rebel Stronghold Burned Down.

Manila, May 30.—Maj. Henry T. Allen of the 43d infantry, while scouting from Catbalogan, island of Samar, May 9, drove a party of insurgents from the valleys. Four Americans were killed, including Lieut. Evans (John H. Evans) who was slain while gallantly leading a charge against the intrenchments. Eleven of the enemy were killed and four wounded.

The town of Coterman, island of Samar, was attacked at midnight, April 30, by 1,000 rebels, who intrenched themselves near the town over night. Capt. John Cello of the 43d regiment fought the Filipinos for six hours and afterward buried 150 of the enemy. One American was killed and one wounded.

Rebel Stronghold Burned

The hamlet of Pawin, in the province of Laguna, island of Luzon, the headquarters of Gen. Cailles, was surrounded May 26 by three detachments of the 42d regiment, 37th regiment and the 11th cavalry. Only a few of the enemy were encountered. Cailles having left the day before, Pawin, which was manifestly a rebel stronghold, was burned to the ground.

Capt. Nordon's (?) scouts and two companies of the 18th regiment, while scouting May 12 in western Panay, surprised a number of the enemy near Valderama and killed thirty-five of them. There were no casualties among the Americans, but some of them suffered from anstrroke.

Battles in the Islands

The official reports announce scouting and small engagements in Panay and Cebu islands, and Tayabas, Laguna, Zambales, Benguet and Pangasinan provinces, resulting in fourteen of the enemy being killed and wounded.

The Americans also captured sixty rifles, a Nordenfeldt gun and supplies of ammunition and destroyed a powder factory.

A rebel major, who surrendered to Liscum last week has been persuading others to follow his example. Yesterday he effected the surrender of forty-six men with fifty-five rifles at Marlac (Tarlac) and hopes to influence more of his countrymen to do the same.

JUDGE C. J. LINDLY ELECTED PRESIDENT

Final Adjournment of the National Association of Railroad Commissioners at Milwaukee Last Night.

Milwaukee, May 30.—The National Association of Railroad Commissioners concluded its annual session at the Hotel Pieter yesterday afternoon at 5 o'clock, after selecting San Francisco for the convention next year, Charleston, S. C., for the meeting in 1902, and selecting officers as follows:

President—Judge Cicero J. Lindly of Illinois.
First Vice President—W. D. Evans of South Carolina.
Second Vice President—T. J. Hennessey of Missouri.
Secretary—E. A. Moseley, secretary of the Interstate Commerce commission.
Assistant Secretary—Martin S. Decker, assistant secretary of the Interstate Commerce commission.

The delegates left the city this morning at 8 o'clock, on a Chicago & North-Western special for Superior.

The question of the selection of the next convention city created as much interest at the session yesterday afternoon as did the election of officers. San Francisco, Grand Rapids, Saratoga, Charleston and Buffalo were in the field for the convention. Finally Mr. Evans suggested that the convention vote for San Francisco for 1901, and Charleston for 1902, and this was done, the date of the convention at San Francisco being placed at the first Monday in June.

GREAT GERMAN INVESTMENTS

Interesting Figures Furnished by Consul General Guenther.

Washington, May 30.—The state department has received from Consul General Guenther, at Frankfurt, some statistics showing the amount of German capital expended in transoceanic countries. The report states: "Germany is rapidly rising in importance as a money-lending as well as a money making nation. It has hundreds of millions in various parts of the globe. In North Africa Germany has invested nearly \$3,000,000. In South Africa the German element has lost its identity as part of the empire, immigrants having taken on new citizenship. Investments in Cape Colony are estimated at nearly \$10,000,000. In the Transvaal \$170,000,000; in East Africa, \$23,000,000; in Asia, exclusive of Turkey, \$160,000,000 has been expended. In Mexico the figures are \$95,200,000; in Central America, \$59,500,000; in the West Indies, \$59,500,000. In South America the investments are estimated at \$261,800,000; in North America, between \$952,000,000 and \$1,190,000,000. Altogether the German Empire has nearly \$2,380,000,000 working for the welfare of its citizens in various parts of the world."

RULES AGAINST SUNDAY BALL

Michigan Supreme Court Holds It Is a
Disturbance of the Peace.

Detroit, Mich., May 30.—Last year Rev. Mr. Sweet of Owosso accused Sheriff Scougal of Shiawassee county of neglecting his duty in permitting a baseball game to be played on Sunday. The sheriff sued the clergyman for slander and the jury awarded him \$1,000 damages. The minister then appealed the case to the state supreme court and that body at Lansing yesterday handed down a decision reversing the decree of the circuit court.

In the course of the opinion the supreme court says that Sunday baseball is against the state statute in that it constitutes a disturbance of the public peace, because Sunday, being considered a day of rest by most people, the rest of those in the vicinity of where the game is being played is necessarily disturbed.

METHODISTS PUT NO BAN ON DANCING

OPINION ON EFFECT OF VOTE
ON AMUSEMENTS.

Some Members Say the Rule Is Dead—Others Hold That Laying Minority Report on Table Made No Change—Work of Closing Session

Chicago, May 30.—[Special Telegram]—Whether the general conference of the Methodist church, which finished its work and adjourned at 1 p. m. yesterday, removed from the church discipline the clause putting a ban upon dancing and other amusements is a mooted question among the Methodists who were members of that body and voted on the question. It involves a problem in parliamentary law on which the delegates differ radically.

By a close vote on Monday the conference decided to lay on the table the minority report of the committee on state of the church asking that the words "dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties, or patronizing dancing schools" be retained in paragraph 248 of the discipline.

Opinions on Status of Ban.

Opinions differ as to the effect of this action on the paragraph in question.

Dr. H. T. Jackson, presiding elder, said: "All items contained in the report were carried to the table with it."

Dr. S. F. Upham thought the action of the conference eliminated the paragraph in question from the discipline.

Dr. J. F. Berry and Bishop E. T. Andrews were certain that the vote of Monday morning in no way affected the paragraph.

G. P. Mains of the New York publishing house said he desired the paragraph be stricken out, but he thought the action of the conference insured its remaining another quadrennium.

Homor Eaton agreed with Bishop Merrill that it would remain in the discipline, but "with a black eye."

Committee to Decide Issue.

Bishop E. T. Andrews, J. M. Buckley, S. F. Upham, W. V. Kelly, Homer Eaton, and G. P. Mains have been appointed to edit the discipline of 1900, and they will decide whether paragraph 248 of the old discipline is on the table or not.

The Judiciary committee of 1896 decided it unconstitutional. The same committee of this conference sustained that opinion, though not by formal vote, so that if it is put in the new discipline it will bear the stigma of having been repudiated by the general conference, besides being held unconstitutional.

Delegates Leave For Homes.

The general conference of 1900, which is regarded by Methodists as one which has made more history than any other in the last half century, closed at 1 p. m., and before night the delegates, who in clerical garb had been for a month a prominent part of Chicago's floating population, were on their way home.

CUSTOMERS LIFT SECURITIES.

Assignee or Price, McCormick & Co., Talks of the Failure.

New York, May 30.—W. J. Curtis, assignee of Price, McCormick & Co., said yesterday that many customers had come in in the course of the day and taken up their securities. "I can not tell just how much this amounts to," he continued, "but I am confident that it is several millions. The effect, of course, is to improve the condition of our loans. As to the general statement of the firm's affairs nothing is yet ready for the public. This is the largest matter, as far as the work involved is concerned, with which I have ever had to deal. The Decker, Howell & Co. failure was nothing compared to it. I have no accurate idea myself as to what the actual condition of affairs is, and it will probably be some time before I have." Walter W. Price, one of the partners, said that the firm was attempting to make some settlement with its creditors, but he did not say upon what basis or how successful the effort had been. It is hardly thought probable that Mr. Price will be justified in his expectation of paying the creditors in full. Mr. Price said yesterday: "We have transferred \$3,500,000 of our customers' accounts to other brokerage firms."

A GREAT MEMORIAL DAY

Veterans of Three Wars and
Civic Organizations March
In the Parade.

DISTINGUISHED MEN PRESENT

Kenosha, Wis., May 30.—[Special Telegram]—The most elaborate celebration of Memorial day ever known in Wisconsin took place here today. Great crowds attended to witness the Kenosha County Soldiers' monument dedication under the auspices of the Fred S. Lovell post, G. A. R.

The streets of the city are beautifully decorated with national bunting and war flags. All the veterans' organizations of the vicinity were present and the city officials and civic societies turned out in parade.

The originator of the celebration is Z. G. Simmons, who has beneficently erected the Gilbert M. Simmons Memorial library and Kenosha County Soldiers' monument.

Unveiled the Monument

The assemblage was called to order by the commander of Lovell post, Capt. George Hale. Peter Fisher delivered the address of welcome. Miss Elizabeth Simmons, granddaughter of the donor of the monument and the library, unveiled the monument, while the bands played "The Star Spangled Banner" and salutes were fired by the United States gunboat Michigan and Morrill. The presentation of the monument followed by Mr. Simmons. It was accepted on behalf of Kenosha county by Supervisor Samuel B. Copley.

The literary exercises followed. Hon. James Kavanaugh introduced the orator of the day, Bishop Samuel Fallows of Chicago, who was chaplain of the Thirty-second Wisconsin volunteers and later was colonel of the Forty-ninth Wisconsin volunteers. Short speeches followed.

Distinguished Visitors

Among the distinguished visitors were Brigadier General Lyman Ward of Benton Harbor, Mich., of the Fourteenth Wisconsin; Capt. George Nichols of Centerville, La., a veteran of the Thirty-third Wisconsin; and Rev. Father J. M. Cleary of Minneapolis.

Letters of regret were received from Senator Quarles, President McKinley and Congressman H. A. Cooper.

TO TAKE A STAND ON TRUST QUESTION

Republicans in Congress Will Go on
Record as Against Trusts
This Week.

Washington, D. C., May 30.—Before the end of the week the Republicans will make their record on the trust question, on which they expect to appeal to the people during the next campaign. It has been agreed to take up first the proposed amendment to the constitution giving congress absolute power to control corporations and trusts.

This will be debated today and tomorrow, and a vote will be taken at 5 o'clock tomorrow. Friday will be devoted to a consideration of the bill which proposes to extend the operations of the Sherman anti-trust law, and a vote will be had at 4 o'clock the same day.

Both measures will be passed by a party vote and the Republicans hope to force and probably will insist upon a record vote.

When Mr. Bryan first proposed his constitutional amendment scheme, which, by the way, he stole from a much more humble member of the party, the republicans were rather alarmed at the situation. The soon saw, however, that the Bryan doctrine was essentially antagonistic to all the traditions of the democratic party. It was thereupon decided to take up this particular anti-trust legislation and adopt it as good republican doctrine.

Accordingly the constitutional amendment and the radical advance on the Sherman law will be passed by the republican votes of the house this week and will be commended in the platform of Philadelphia. Not only that, but in all probability the State rights democrats will be forced to vote against the proposed amendment, and thus the value of the trust issues to the opposition it is believed will be completely destroyed.

SCHOOL PUPILS GAVE FINE PROGRAM

MEMORIAL DAY EXERCISES
LAST EVENING.

Took Place at The High School Building.—Were Largely Attended and Highly Appreciated.—Grand Army Veterans and Woman's Relief Corps Attended In Body.

At the High school building was held the annual High School Memorial Day services. The exercises took place in the large auditorium and long before the hour of the first number on the program every seat was occupied. Members of the Grand Army of the Republic and the Ladies of the Woman's Relief Corps attended in a body. Members of the W. H. Sargent post were escorted to the school by the Imperial band. The program was presided over by Supt. D. D. Mayne. The first number was a selection by the Imperial band. The program was a patriotic one throughout. Gale Nicholson delivered the "Memorial Address." Lloyd Porter gave "The Commemoration of the Common Soldier." Archie Reid spoke on "The Women in the War." Blanche Casson recited "John Burns of Gettysburg." Miss Leo Procter gave the selection "A Monument for the Soldiers" and "The Veteran and His Grandson" was recited by Lucy Bigelow.

The Fifth grade of the Adams school sang two choruses, "Our Heroes" and "Long Beautiful Flowers." A double quartette of young boys sang "Cover Them Over."

In behalf of the Grand Army S. C. Burnham delivered a most able address. Each number on the program was well rendered and was highly appreciated.

Mrs. C. S. Jackman, regent of the Janesville Chapter Daughters of American Revolution, presented the prizes offered to the pupils of the eight grade for the highest standings in United States history. Stanley Sayre won first prize, a handsome gold medal, and Etta Hollis the second, a souvenir spoon.

The singing of America by the audience closed what proved to be a most delightful program as follows:

Music..... Imperial Band
Memorial Address..... Gale Nicholson
John Burns at Gettysburg..... Blanche Casson

Alpster's Magazine for June. "Engineering a Presidential Campaign" is a timely and readable leader in Alpster's for June. It was written by L. A. Coolidge, the well known Washington correspondent and treats not of nomination oratory and the fire works of conventions, but of the infinitely more fascinating machinery that makes the wheels of conventions move and of the men in the various parties who engineer the campaign. The Chinese minister, Yu Ting Fang, contributes an article in which he states his conviction that there is a vast field for American trade in China. He makes a plea for the study of Chinese in American universities, and would like us to help his countrymen to learn English by making our speaking phonetic "Cham Clark and His District," by Theodore Dreiser, is an excellent picture of this very individual man and his very individual district. In "Our Foreign Population," by John Gilmer Speed, there is a comprehensive study of the many foreign elements that are being assimilated by the American people. "Storms of the Rockies," by Thomas C. Knowles, is an inviting topic, handled with much dramatic force. "Japan's Quarrel with Russia," by R. van Bergen, and "The Growth of the Ocean Rider," by Robert Earl, are valuable readings. Besides, there is a humorous story by Major W. P. Drury, an Indian story by Duncan Campbell Scott, the well known Canadian writer, and other stories by Opie Read, Howard Fielding and Brigadier-General Charles King. (Street & Smith, publishers, New York.)

"Orangeine" simply places within everybody's reach a most skillful blending of harmlessness, efficacy, and varied usefulness. "Safely stops pain and cures."

Broadhead Man Leaves Aid for Rights of Women

Monroe, Wis., May 30—Joseph W. Stuart of Broadhead, left a will giving to Monroe Aarman of Topeka, Kan., who was recently committed to the penitentiary, one \$250 bond of Atlantic Pacific Railway Tunnel company, to aid him in his contest for the freedom of the press in advocacy of the right of all women to equal protection after marriage without regard to the decision of courts, enforcing marital subjection of husbands. He also directed that no church ceremonies be performed over his remains, and that his body be cremated. The will disposes of \$7,900 worth of property among his heirs.

FLAG AT HALF-MAST TILL NOON

War Department Gives a Ruling Regarding Memorial Day.

Milwaukee, Wis., May 30—The board of public works secured an official ruling yesterday from the War department at Washington on the manner of hoisting the flag on Memorial day. The War department holds that the flag should fly at half-mast until noon today and after that be drawn to the peak until sundown. The opinion came by wire from Washington in answer to a telegram sent from the board of public works this morning.

LIMA

Lima, May 29—Florence Stetson closed her school in Orford last week and returned to her home here on Monday. The Presbyterian Sunday school will give a concert on Sunday evening next. Emeline Child is visiting her Lima relatives. Alton L. Cowles, wife and niece of Milwaukee spent Saturday with his mother here. A fine new Shoninger piano was left at J. D. Godfrey's on Saturday by Mack & Son of Fort Atkinson. Mrs. Diantha Truitt of Watoma, Wis., is visiting her old home, relatives and friends. Abby Truman went to Milton Monday to spend the day with her cousin, Mrs. W. H. Weaver. School closes this week Friday. Our boys didn't do very well in their game of ball at Johnston Center Saturday, but expect to show them how to play ball Wednesday afternoon. Invitations are out for a wedding in North Lima, June 6. Mrs. N. Freeman is in Whitewater helping care for her mother who is now in very poor health. Everett Adams of Richland Center, was a guest of his brother at the depot on Friday. Fred Kutz and family of Hebron were in Lima Monday. Mr. Williams is confined to the house. Dr. Stetson attends him. Miss Alice Carroll, who has been at Dr. Stetson's for nearly four years, went to Whitewater Monday where she has work. Mr. Lucraft of Iowa, thirty years ago a resident of Lima, is here visiting his relatives, the Elphicks. As Will Marquart was driving home from the brewery Friday morning his team indulged in quite a runaway. No serious damage was done, but the occupants of the buggy were well shaken up and splattered with milk. The M. E. Sunday school will observe Children's day Sunday June 10, with appropriate exercises. Some time during the night Monday Mr. Holbrook's store was entered by at present unknown parties who helped themselves to what they wanted. Among other things taken were a number of pairs of men's shoes, mostly 7's and 8's.

GARDENS FOR MORGAN FARM

Boston Landscape Engineers Are Laying Out Drives

Beloit, Wis., May 30—Warren Manning, a landscape gardener of Boston, is laying out drives and gardens on the Morgan stock farm. The Milwaukee road is about to build a side track of a quarter of a mile to the farm. The plans for the residence have been adopted and will be built this summer. It will be built of concrete and have Spanish tile roof and will be 800 feet long from wing to wing. The expense will be \$25,000 to \$30,000.

TRY GRAIN-O! TRY GRAIN-O!

Ask your grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich, soft, pure of Mocha or Java, but it is made from pure grains, and the most delicate stomachs receive it without distress. At the price of coffee, 15c. and 25c. per package. Sold by all grocers.

FAST GROWTH OF GREAT MIDDLE WEST

POPULATION INCREASE IN WISCONSIN AND ILLINOIS.

An Estimate Made by Chicago Times-Herald Correspondents—Big Gain Reported From All Points in Both States—Census Will Begin Day After Tomorrow.

National census enumerators in every city, county and state of the Union commence their work Friday morning. In the cities their enumeration must be completed by June 15. In the country and far places they will have until July 1 to make their returns.

Special correspondents and agents of the Chicago Times-Herald have taken a preliminary census of the population in the counties, important cities, county seats and towns of Illinois, and Wisconsin.

No conclusions are drawn from these extensive reports save the gratifying one that the middle west in the matter of population, had more than held its own during the last ten years.

The returns from Illinois show that thirty-two counties have made a gain of from 12 to 15 per cent., twenty-six a gain of from 20 to 25 per cent., seventeen from 16 to 19 per cent., and nine from 4 to 9 per cent.

Cook county shows an approximate gain from 75 per cent. in population, something not to be outdone by anything but New York. The calculations of the city directory people and of the school census show that the City of Chicago will have a population of about 2,001,000. The entire county's population is about 2,085,863.

The growth of this state has been substantial, especially about Milwaukee and in the mineral and timber regions. Four counties show a gain of from 40 to 50 per cent. in population, eleven a gain of from 30 to 40 per cent., seventeen a gain from 20 to 30 per cent., and eighteen a gain from 10 to 20 per cent. One county has a gain of 130 per cent., another a gain of 100 per cent., and another of 82 per cent. Milwaukee has made a handsome advance in population, now passing the 290,000 mark and racing for 300,000. The other cities of the state, with few exceptions, show strong climbs upward. Janesville which had 10,836 in 1890 is given 14,675.

DELIGHTFUL SIX O'CLOCK TEA

Second Function Within a Week to be Given by the Hostesses.

Last evening at the Madison street home of Miss Williams a most delightful six o'clock tea was given by Mrs. Mary Crosby, Miss Adele Williams and Miss E. Louise Williams. The function was the second given within a week by the hostesses. At six o'clock tea was served at small tables faultlessly presided over by fair waitresses. Following the serving of refreshments the eighty assembled guests spent the cool hours of the evening on the spacious lawn. A guessing game formed much amusement to the guests. At the ten o'clock hour the invited ones took their departure for home after spending an evening that proved most enjoyable.

THIS DAY IN HISTORY.

1649—Peter Paul Rubens, the great Flemish artist, died; born 1577. Rubens was most celebrated of the Flemish school of painters. His early masters were Flemish; afterward he passed eight years in the studios of Rome. On his return to Antwerp he produced what is considered by his masterpieces. "The Descent From the Cross" Rubens' forte was that of a colorist. He painted history, portraits, landscapes and animals with equal success. Rubens criticized him as an artist lacking soul except as he painted children.

1744—Alexander Pope, poet, died; born 1688.

1778—Voltaire died; born 1694. A French philosopher, writer, and satirist. He was one of the great writers of the 18th century. He was a man of great energy and versatility. He was a man of great energy and versatility. He was a man of great energy and versatility.

1857—Major (Hon.) Percy Poore, journalist and author, died in Washington; born in 1820.

1907—Rev. L. M. Pease, founder of the first mission at Five Points, New York City, died at Asheville, N. C.; born 1815.

THE HEROIC DEAD.

Four score and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the purpose that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battle-field of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The great men, living and dead, who struggled here, have consecrated it, far above our power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we highly resolve that these dead shall not have died in vain; that this nation under God, shall have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth.—LINCOLN.

PORTO RICANS ON U. S. FINANCES.

The following article is from the "Correspondencia de Puerto Rico" of April 26, 1900. It is interesting in that it shows how our new wards sum up the political differences between our two great parties on the money question: "The fiscal campaign of the Democrats, or better said, of Mr. Bryan, on an enlarged metallic circulation, has passed to the category of settled questions. It is a dead letter, in view of the statistics that have just been published. There is now circulated in the United States more gold, more silver and more paper money than in any epoch of the Union. For the first time the per capita wealth has reached \$26.12, and for the first time in the history of the country there is in circulation the sum of \$2,000,000,000.

"During the last five years the sum of money in circulation on the first day of April has been as follows:

April 1, 1896.....\$1,523,629,473
April 1, 1897.....1,620,000,045
April 1, 1898.....1,756,088,645
April 1, 1899.....1,927,840,942
April 1, 1900.....2,021,274,506

"This demonstrates that during the four years during which the administration has been in the hands of Mr. McKinley the circulating medium of the United States has increased \$492,645,043, which is 23 per cent.

"The increase of the circulation of gold has also been enormous. On April 1, 1900, there was \$492,845,549 in gold coin and gold certificates, while in 1896 at the beginning of the McKinley administration this same circulation was only \$189,151,505, making an increase of 60 per cent in four years.

"The language of figures is most eloquent, and there is no remedy except to bow to the force of their arguments."

There are 750 employees in the postal service of Cuba of whom only 104 are Americans, and these are chiefly in the department headquarters and the Havana post office. There are 273 post offices on the island, of which 251 are in charge of Cubans.

The American people used nearly twice as much wheat in 1899 as they did in 1894. Everyone has enough to eat nowadays, and the money to pay for it, too.

The Berlin Vossische Zeitung calls the tariff policy of the United States affecting Porto Rico "brutally unfair towards Europe." And yet a short time ago, people were insisting that the arrangement was fair to Europe only.

Time has exposed the weakness of the argument, however, and, as usual, the administration is found to have done the right thing at the right time.

The sorrow of the walking delegate and the democratic campaigner is equally pitiful when a strike is settled. Both base their hopes upon unrest and discontent.

Education and G. A. R. at War.
Omaha, Neb., May 30.—A merry war is on between the board of education and the Grand Army of the Republic, its stage being the Columbian school, 38th and Jones streets. The old soldiers have given it out with military sternness that Comrade George H. Hess shall address the children on the virtue of patriotism. The school board holds that ex-Mayor Hess is not a competent person and has notified the veterans that the objectionable speaker will not be allowed on the premises.

Meat Exhibits Forwarded On.
New York, May 30.—A special to the Tribune from Washington says that the exhibits of the United States at the Paris exposition will be less complete and interesting, as well as less valuable in respect to the extension of the demand for American products in France, than would have been the case if so many obstacles had not been placed in the way by the French authorities. This refers especially to the proposed exhibits of American live cattle and also of dressed meats.

Drops Browning for Photo.
Cincinnati, O., May 30.—Prof. Benedict of the department of philosophy and psychology in the University of Cincinnati has announced to his students that Browning readings would henceforth be discontinued owing to the great strain upon both professor and student. Readings from the ancient philosophers, particularly Plato and Aristotle, will be substituted.

Killed By Rifle to Kinsale.
London, May 30.—The British colonial office has received advices via Accra, British Gold Coast, from Col. Willocks, in command of the relief force which recently started for Kinsale. These say that a small force of Hausas from Prashu, commanded by Lieut. Slater, had been attacked and that Slater and several others were killed.

Irish Order Under Cloud.
Montreal, Que., May 30.—The Montreal Star yesterday published a long and sensational statement to the effect that the Welland canal explosion was conceived, instigated and carried through by order of the executive committee of the Clan-na-Gael and that the act was designed as a reprisal against Canada for having sent troops to South Africa.

Attempt to Shoot an Officer.
Burlington, Ia., May 30.—Two well-dressed men, one of them J. R. Goode of Chicago, were arrested in the lobby of the Delano hotel charged with robbing Walden's jewelry store in broad daylight. They attempted to shoot the officer and created a big panic in the crowded hotel lobby.

Police Guard Chinatown.
San Francisco, Cal., May 30.—For the second time in the last six months a cordon of police surrounds the oriental quarter of the city and county of San Francisco. The cordon will stay there until ordered away by the board of health.

King Oscar III in London.
London, May 30.—The king of Sweden and Norway, who intended to start for Paris Thursday, has been obliged to postpone his departure owing to a slight indisposition. It is said, however, that his illness is not serious.

William Rockefeller III.
New York, May 30.—William Rockefeller was operated upon for appendicitis. The operation was in every respect successful and Mr. Rockefeller is recovering.

Mrs. Gladstone Is Weaker.
London, May 30.—It was said this morning that Mrs. Gladstone is gradually growing weaker. Her right side is paralyzed.

Elephant Falls Off Train.
New York, May 30.—Sport, the Boston show elephant, who fell off a Lehigh Valley train in Pennsylvania, spent the day on his side in an ordinary box car in Newark, submitting patiently to the padding of two veterinary surgeons and to the inspection of as many Newark small boys as eluded the guards in the Lehigh yards. Sport's leg is not broken.

Cloudburst Razes a Church.
Pana, Ill., May 30.—Shobonier, a small station south of here on the Illinois Central, was visited by a cloud-burst. Over 100 feet of the railroad track was washed away and the Congregational church, under process of construction, was razed.

THREE ARE FATALLY HURT.

List of the More Seriously Injured.—Revolver and Missiles Used—Trucks Obstructed—Dynamite Explosion Tears Up Track.

St. Louis, Mo., May 30.—Twelve persons were shot, three fatally, in riots which occurred here today along the lines of the Transit company. Among the victims of the armed guards placed on the cars are a boy and a girl aged 10 and 11 years respectively. They claim they were simply watching the disturbances. On the side of the company, two of its non-union employees were shot, two special policemen were wounded with bullets, while the remaining eight persons were citizens who were shot down while in the crowd of rioters.

Started for Devil's Island.
New York, May 30.—A wild-looking man jumped off the Coney Island board walk into the water the other afternoon. After being dragged out by Patrolman Matthews he said he was Max Dreyfus, captain in the French army, and that he jumped overboard in order to walk to Devil's Island. On him were found three pairs of trousers, six vests, five shirts, three pairs of golf stockings and a superfluity of underclothing. He was held on the charge of intoxication and will be arraigned in police court.

Rides Bicycle to Church.
Spring Valley, N. Y., May 30.—Rev. Frank Chadwick, the new Methodist minister here, will ride up to the door of Monsey Church next Sunday on a bicycle, despite the fact that some of the church folk declared his ride to church last Sunday was "un-Christian." Mr. Chadwick, when he was appointed pastor, declared that, as he had a wheel, he would not, like his predecessor, Dr. Jesse Gilbert, walk the two miles over the dusty country road, but would use the bicycle.

"LIGHTS OUT"—A MEMORIAL DAY MEMORY

The sentry challenged at the open gate
Who passed him by, because the hour was late:
"Halt! Who goes there?" "A friend." All's well.
"A friend, old mate." A friend's farewell
And I had passed the gate;
And then the long last notes were shed,
The shrilly clarion's echoes dead;
And sounded sadly as I stood without
Those last sad notes of all: "Lights out."

Farewell companions. We have side by side
Watched hist'ry's lengthened shadows past us glide,
And worn the blue and laughed at pain
And buried comrades lowly lain
And many a year has died.
And toil and hardship many have borne
And followed where the flag was gone;
But all the echoes answering round about
Have bidden you to sleep: "Lights out."

And never more for me the bay net's flash,
The trumpet summons. Oh, the crumbling ash
Of life is hope's fruition; fall
The withered friendships and they all
Are sleeping. Day by day
The fabrics of our lives decay,
And change unseen and melt away—
L : martial warnings from life's grim redoubt,
L : those last notes of all: "Lights out."

Parasols..

Beauties.

They are here in all their glory—the parasols. How shall we describe them? Beautiful, lovely, entrancing—give it up I can't do them justice. Come and see for yourself.

UMBRELLAS

Our One Dollar Umbrella is a wonder—

much better than some people sell you for a half more. How do we do it? Well it's just this way: We buy from a manufacturer who values our account and is anxious to please us. We told him we wanted to show the best dollar umbrella in town, and he has helped us to do so. Will you take a look at them? Also excellent values in colored Umbrellas at \$2, \$2.25, \$3, \$3.50 and \$4.

White Piques--

Buy Them here and Save. Pique prices are soaring sky high just now in most stores. A fortunate trade happening enables us to clip the prices of these eagerly sought goods in an unexpected manner. This way for example: Twenty pique light-grade white pique with figures and stripes, positive value 40 cents, special 25c

HOSIERY

MEMORIAL DAY DULY OBSERVED

LARGE CROWD VISITED THE CEMETERIES

Parade Was a Most Excellent One and Was Witnessed by a Large Crowd—Plenty of Bands—Excellent Program Was Given at Oak Hill Cemetery.

What proved to be one of the most successful Memorial day programs ever carried out in the city of Janesville was in order today. Perfect weather during the early hours of the day made every one feel like doing their share towards making the day one long to be remembered.

As early as six o'clock many of the merchants were at their places of business decorating their store fronts with the national colors. Many business windows were also decorated and scores of dwellings displayed Old Glory. At the empty store on Milwaukee street bridge all was hustle at an early hour this morning. There one could find the good women of the Woman's Relief Corps who lost no time in receiving flowers and making them into floral tokens to be placed on the graves of the soldier dead.

There was a general suspension of all public business today. Banks and city offices were closed. The banks and most of the larger business concerns and factories gave their employees a full holiday. The smaller private stores were closed during the afternoon. The city people turned out en masse and with the large attendance from the surrounding towns Janesville had one of the largest crowds in years.

But the regular exercises of the day did not take place till the afternoon. At one thirty o'clock the parade started from the corner of Main and Court streets. Headed by Hi Henry's minstrel band the procession slowly found its way north on Main street; west on Milwaukee street to Jackson street and Mineral Point avenue.

The procession was a most creditable one. Chief of Police Hogan and Officer John Brown were at the head. Marshal C. D. Child and aides were in charge of the line of march and they did their work well. Following in the line of the parade:

City Police.
Janesville Fire Police.
Marshal C. D. Child and Aides.
Imperial Band.
Janesville Fire Department.
Co. I, W. N. G.
Veterans of American-Spanish War.
J. G. A. R. Drum Corps.
W. H. Sargent Post No. 390.
W. H. Sargent Woman's Relief Corps in Carriages.
Decorators in Carriages.
Chorus of First Ward School Children.
Speakers in Carriages.
Citizens in Carriages.

A large number of people went to the cemeteries. At Oak Hill cemetery the program of the day took place. Rev. Walter A. Hall delivered the address of the day and Mayor Richardson made a few remarks. Following is the program as carried out:

W. J. McIntyre, President of the Day.
1. Music.....The Star Spangled Banner
2. Song.....The Star Spangled Banner
100 School Children led by Prof. Gaskin of the High School.
3. Prayer.....Rev. R. G. Donison
4. Remarks.....Mayor V. P. Richardson
5. Original Poem.....Miss Alice Masou
6. Song.....Tenting on the Old Camp Ground
100 School Children under the leadership of Prof. Gaskin.
Address.....Rev. Walter A. Hall
Music.....By the Drum Corps
9. Song.....Under the leadership of Prof. Gaskin, in which all will join.
10. Exercises at the cenotaph, in which the Woman's Relief Corps will assist.
11. Decorating Graves.....by Committees

The decorating of the graves of the fallen heroes then took place. From Oak Hill cemetery the veterans and many friends went to Mount Olivet cemetery where the decorating of graves was carried out.

ENUMERATORS HERE READY FOR WORK

FRIDAY OF THIS WEEK IS THE DAY SET.

Census Takers In This City Receive Badges and Portfolios and Must Complete Their Work in Fifteen Days—Will Give the Exact Population of Janesville.

Enumerators in this city have been sworn in and drilled for census taking, which they are to begin June 1, and are to complete within fifteen days, and reports are to be made every day.

The time until June 1 will be devoted to drilling the enumerators in the methods of ascertaining the information desired as to progress made by Rock county's citizens in population, wealth and education since the last national census, which began ten years ago, on June 1, 1890. To each enumerator being sworn is handed a specimen census sheet, together with a pamphlet entitled "Book of Instructions." Both the booklet and the census sheet bear directions as to how the schedules are to be filled out.

Following are some of the paragraphs: The census day—that is, the day on which the enumeration is made, is June 1, 1900. Include, therefore, every person living on June 1, 1900, or during any part of that day, and omit children born after that day. Enter the name of every person whose usual place of abode is in the family or dwelling place for which the enumeration is being made.

It is intended that the name of every man, woman and child whose usual place of abode on the first day of June 1900, was within your district, shall be entered on the population schedule but no entry is to be made of a child born between the first day of June 1900, but between that date and the day of your visit, say June 5, June 15, etc., as the case may be.

On the other hand every person who was a resident of your district upon the first day of June, 1900, but between that date and the day of your visit shall have died, should be entered on the schedule precisely as it still living. The object of the schedule is to obtain a list of the inhabitants on the first day of June 1900, and all changes after that date whether in the nature of gain or loss are to be disregarded.

The regulations provide that the count in all cities whose population by the last census was 8,000 or more shall be completed within two weeks after June 1. In other sections thirty days will be allowed. Under this rule the census taking in Chicago must be completed in twelve working days after June 1.

Each enumerator in this city and in others have been given a badge to show their right to the office. The badge is of nickel and in the form of a shield surmounted by an eagle with outspread wings and with the words "United States Census 1900."

BLIND CHILDREN'S SURPRISE PARTY

DR. AND MRS. PALMER OF FOREST PARK SURPRISED.

Their Guests Were All Blind, and the Party Was a Unique and Most Enjoyable One—Guests Made Themself Perfectly at Home From the Start.

Dr. and Mrs. H. A. Palmer of Forest Park were very pleasantly and happily surprised by a company of young people from the State School for the Blind last evening. Their daughter, Carrie May, instigated the surprise, it being the eighteenth anniversary of their marriage. The evening was spent in singing and visiting and after light refreshments were served and hearty congratulations extended to host and hostess the merry company took their leave.

The party proved a most novel one as the guests were all blind. In spite of the fact that they were deprived of their eyesight they were not in the least backward about making themselves at home. They easily found their way about the house and at all times had a most enjoyable time. Those present were:

Misses—
Mildred McFate, Lillian Bologna, Lizzie Emerson, Emma Beutene, Jessie Foster, Millie Schmitke, Sarah Davis, Winifred Gilbert, Carrie May Palmer.

Messrs—
Dan Roberts, Oscar Simmons, Arthur Corey, Ludwig Stoss, Torrance Knight, Roy Carter.

TRADES COUNCIL DANCE TONIGHT

Will Take Place in Assembly Hall and Should Be Well Patronized.

This evening at the Assembly hall a dancing party will be held under the auspices of the local Trades Council. The party promises to be a success in every detail as nothing has been neglected by the committee of arrangements. Prof. Smith's full orchestra will play.

In China a traveler wishing for a passport is compelled to have the palm of his hand brushed over with fine oil paint; he then presses his hand on this damp paper, which retains an impression of the lines. PHIL KING ON THE GAME

Well Known Coach Accompanied the U. W. Team Here
Phil King, the well known coach of the University of Wisconsin, arrived in the city at 11:30 o'clock this morning with members of the Wisconsin team over the Milwaukee road. The team was escorted to the Hotel Myers where they made their headquarters during their stay in the city. Mr. King admitted that there was much of a doubt about the U. W. boys winning the game this afternoon as they had not been playing good ball of late and were also overworked.

EXCELLENT MINSTREL BAND

Paraded the Streets of the City at the Noon Hour.

Hi Henry's minstrels arrived in the city this morning from Beloit coming in their two special cars. At 11:30 o'clock the usual free street parade took place and was a very creditable one, the band being one of the best that has been in Janesville in years. This evening the company will appear at the Myers Grand. It is now one of the best known and most popular minstrel organizations on the road, and the performance given will be first-class.

CIGARETTE CAUSE OF EXPENSIVE FIRE

Evidence Goes To Show That the Judd and Eldredge Barns Were Not Set Afire.

Evidence gathered during the past few days goes to show that the Dr. W. H. Judd and B. B. Eldredge barns were not set afire as was at first supposed. The supposition now is that the fire was started from a lighted cigarette that was carelessly left in the Judd barn. At the time that it was first stated that the fire was of incendiary origin, Chief of Police Hogan stated that he placed but little stock in such a story. The local fire insurance agency of Carter & Morse have settled with Dr. Judd, paying him the full insurance on the barn, which was \$200. They also allowed him \$100 damages done to his house by the excessive heat. The loss on the Eldredge barn was adjusted at \$500.

SUMMER RATES ON ELECTRIC LINES

One May Ride For an Hour For the Sum of Five Cents After June 1.

Superintendent Hurd of the Janesville Street Railway company comes forth with a most generous offer for the patrons of the local line. During the entire summer commencing with Friday, June 1 one may ride a round trip on the car line for the sum of five cents. To take advantage of this offer one cannot board a car until the 6:30 o'clock hour in the afternoon. A round trip on the line means an hour ride.

THE SENIOR CLASS PARTY

Will Be Given by the Janesville High School Class of 1900

Invitations were issued today by members of the High school class of 1900 for their Senior class party to be held in Assembly Hall on the evening of Tuesday, June 12. Dancing will commence at 8:45 o'clock and Smith's full orchestra will play. The party will undoubtedly be well attended.

Twelve Killed by Poison.

Montgomery, W. Va., May 30.—Twelve Italian laborers were found dead in the woods forty miles southeast of here, their deaths being the result of eating poisoned food which they had stolen. They were railroad laborers and boarded in the contractors' camp, where a large amount of provisions was stored. Much of it was stolen and the negro cook unknown to his employers, put rat poison on some meat and flour, which also disappeared.

Sugar War: Prices Up.

New York, May 30.—The great sugar war is over at last, if a big mistake has not been made by the heavy traders on Wall street, who ought to know all about it. GREAT CROWDS HERE FOR COLLEGE GAME

HUNDREDS OF VISITORS ARRIVE IN THE CITY.

Both Teams Came and Are in Excellent Condition—Game Called At Four O'clock This Afternoon—How the Players Will Line Up In the Game—Adkins Will Pitch.

This city was well supplied with baseball admirers today. The attraction was the scheduled game at Athletic Park to be called at 4 o'clock this afternoon between the teams of the University of Wisconsin and Beloit College.

It is doubtful if ever a base ball game has been as well advertised in this portion of state. Opposition on the part of the local W. H. Sargent Grand Army post had much to do towards attracting public attention. In all the surrounding towns the game was made known weeks in advance.

During the morning visitors arrived in trains and in all kinds of vehicles. Many made the trip on their bicycles. As early as one o'clock the street cars commenced to carry passengers to the grounds. The University team arrived in charge of Manager Fisher. The Beloit team were in charge of Manager Whitney and Coach Hollister.

This afternoon a large delegation arrived on the Northwestern road from Beloit. The train was a special in charge of the Beloit band.

Many rooters were in attendance from Madison but were not accompanied by the University band as the college boys were unable to secure it on account of another engagement. P. J. Husting of the Milwaukee League team is scheduled to umpire the game. The line-up of the teams as follows:

WINDOW DISPLAY

An Attractive Lot of Lion Coffee Premiums in W. T. Sherer's Window

We frequently hear the claim, "something given for nothing," but do not often see an actual demonstration of the principle, like the display of Lion Coffee premiums now on exhibition in W. T. Sherer's, druggist, window.

Here are many valuable articles, all given free for the lion heads, cut from Lion Coffee wrappers. These are not cheap articles, but comprise clocks, umbrellas, watches, gold rings and jewelry, besides many things useful and ornamental in the household, or will be enjoyed by the children. Lion Coffee fully deserves the popularity which it has gained, because of its superior strength and flavor.

THE JESUP EXPEDITION

Plans of Explorers to Search For Cradle of Mankind.

WAS GARDEN OF EDEN IN ALASKA?

Startling New Theory of Human Race's Birthplace, to Investigate Which a Scientific Expedition From New York Has Started For the Frozen North—Provisions Taken For Two Years.

Was Adam an American? Was the garden of Eden in the Klondike? It is no fantasy of the imagination, but a sober question raised by science and about to be put to the proof by a scientific expedition. If not actually in the Klondike, then somewhere in that region—somewhere in the frozen north of this continent—Adam and Eve may have lived.

Morris K. Jesup, the millionaire New York banker, president of the American Museum of Natural History, is the backer of a unique expedition in search of the cradle of the human race. The explorers are expected to prove that the first man, the father of mankind, was an American. In a word, it is believed that the red Indian was the primal type of man and that he spread over the rest of the world by crossing from North America to Siberia instead

of having been an Asiatic type that crossed from Siberia to North America. With the deep, poetic significance of the idea that Adam was an American science does not concern itself. It is in search of facts, not a theme for epics. But poets will follow with an interest no less than that of scientists the work of the three courageous savants who have sallied forth to risk their lives among glaciers and snowfields in search of the garden of Eden. Mr. Jesup dedicated \$50,000 for investigation of Indian antiquities. Dr. Franz Boaz was the head of the first expedition which journeyed into Alaska. His reports, which have just been printed, have startled the scientific world. Dr. Boaz writes:

"We must reconstruct truthful history of mankind before we can hope to discover the laws underlying that history. This is the conception of the Jesup expedition. The object is the investigation of the history of man in a well defined area in which problems of great importance await solution. The expedition has for its object the investigation of the tribes, past and present, on the coast of the North Pacific ocean, beginning at the Amur river, in Asia, and extending northward to Bering sea, then southward along the American coast as far as the Columbia river."

Dr. Boaz shows that certain characteristics of the natives of the American continent are found among all tribes, even those of prehistoric times. Among these are smooth hair, broad, heavy faces and large noses. Dr. Boaz discusses the civilization of Asia and Europe and shows how diversified are the people and how varied are their features. The small variability of American natives is taken to indicate that their history is of great antiquity and that the tribes are of homogeneous stock. The small variability is, according to Dr. Boaz, an indication of a lack of mixture with the Asiatics.

The Jesup expedition in 1897 has led the scientists to wonder whether the red man of America is a descendant of Asiatic stock or vice versa. The deductions which have been drawn from the investigations made by Dr. Boaz, Livingston Farrand of Columbia college and Harlan J. Smith point to the theory that instead of the Asiatic people crossing to the American continent the migrations were from the new world to the old. The three men who have started on the task of finding out about the Indian tribes of the arctic zone left San Francisco on the steamer Doria for Hongkong via Honolulu. Their immediate destination will be northeastern Siberia. Two Russians, Waldemar Bogoras and Waldemar Johelson, men of scientific renown, and a young American naturalist, Norman Buxton, make up the party.

The Russians will study the native language, customs and characteristics of every tribe which inhabits northeastern Siberia. Thousands of miles of this region are unknown even to the scientific world. Explorers have never penetrated its frozen waste. Mr. Buxton will continue his work mainly to the zoological field. He will make a collection of birds and mammals of the region for the museum and will also excavate for bones of the enormous animals which once inhabited this region.

The start will be made from Vladivostok in August. Waldemar Bogoras will travel to the far north and will then work over toward European Russia. In a word, this hardy explorer will start into the frozen wilderness

on one side of the world and will reach civilization on the other side.

Waldemar Johelson will travel from Vladivostok up the coast toward East cape, on Bering sea. Norman Buxton will part from his comrades in Vladivostok. He will travel northward, and in the fall of 1901, in the East cape region, he expects to meet Johelson. There they will await the coming of the whaling fleet. If they fail in this plan, Johelson and Buxton have agreed to stay in the East cape regions for another year. Bogoras and Johelson are insured to Siberian hardships. They were political exiles in eastern Siberia for ten years for having advocated political changes and the freedom of the press. They finally earned their liberty, while their researches won the praise of the Russian government. Mr. Buxton won the right to be a member of the expedition by his work with the Smithsonian expedition to Point Barrow in 1897 and 1898.

The explorers will have provisions for two years. Each will have two Cossacks as traveling companions. The journey will be made mostly on foot and by dog sledges. The Russian government has placed every facility at the command of the explorers. Passports have been provided, and officials have been notified to give the scientists aid. The Russian gunboats which patrol the coast of Siberia will be placed at their disposal.

In 1903 or 1904 Bogoras, Johelson and Buxton will meet in New York city. Here they will discuss their discoveries, arrange their specimens and compile accounts of the scientific work accomplished. And then the world may learn on the authority of science whether the garden of Eden was in the Klondike.—New York World.

NEW IDEA IN WORSHIP.

Bells Told During Prayer in German Reformed Churches.

At a number of the German Reformed churches in the Schuylkill valley the bells in the steeples tolled the other day during the prayers of the preachers. This practice, according to a Reading (Pa.) dispatch to the New York Sun, is to be followed every Sunday from now on. The preachers say it is to be an object lesson for all out of the church. The moment the prayers during service begin the bells begin to toll, and the tolling is kept up until the close of the prayers, which are read from the church book and embrace a large variety of petitions. At times they require five minutes to read. One of the clergymen said:

"We want our members who are not in church to hear the tolling bells, and when they hear them they are to know that we in church are praying for them, and the least they can do is to stop in their worldly or Sabbath breaking pursuits and for a few minutes join us in spirit, in silent prayer. To those who are not members of the church it will be a reminder that we are praying for them and that their duty is to become members. The sad tones of the bells will have an effect on the minds of everybody both in and out of church. After awhile, at the same hour, the church bells of east Pennsylvania each Sunday will be tolled at the same minute. At one point we can count 11 church steeples in the country, very wide apart, but their bells can be heard distinctly. We hope that everybody will remain in silent prayer, through miles of territory, when our church bells begin to toll."

The effect the other day in a dozen church districts was marked. People at hotels and at private houses, country taverns and other places uncovered when the bells began tolling. It was the "Angelus" over again among the Protestant farmers of the "Pennsylvania Dutch" country.

YALE-HARVARD BOAT RACE.

An Observation Train to Be Built. Plans of Chairman Curtiss.

Julian W. Curtiss, chairman of the regatta committee in charge of the Yale-Harvard boat race to be rowed at New London on June 28, has begun making preparations for that important aquatic event. Several new plans for the comfort of visitors will be put into effect. The Central Vermont railroad is constructing an observation train from an original design, says the New York Sun. Every up to date modern appliance for safety will be used in the equipment of this train, including airbrakes and air whistle communication with the engineer. In addition to the patent interlocking coupler, safety chains will be used. With platforms between the cars the train will have the same solidity of motion as a wide vestibule one.

The entrance to each car will be in the center of one side, passing up an aisle, to the right and left of which will be four rows of seats. The latter will be high backed, with sufficient rise for the occupants to have a clear view over those in the seats below. The arched roof of each car is so constructed that there is no obstruction to the view. The train will be painted and decorated in crimson and blue.

Mr. Curtiss says that the course will be kept clear by means of naphtha launches manned by officials who will receive authority to enforce the law. He further says there will be revenue cutters on hand also. The races will be rowed probably in the order that prevailed last year, the four oared shells first, the freshmen second and the varsity last.

Gavel of Historical Woods.

The gavel which is to be used by the presiding officer of the Republican national convention at Philadelphia is to be composed of pieces of wood of historical interest from the various states, says the Washington Post. The piece from North Carolina is from the quaint little house at Raleigh in which President Andrew Johnson was born.

A Talented Queen.

With the possible exception of Carmen Sylva, queen of Roumania, the most accomplished of European queens is the charming Queen Amelle of Portugal. Queen Amelle, who inherits her literary talents from her father, the late Comte de Paris, author of a history of the American civil war and a history of the English labor party (besides many other books dealing with political and social questions), has taken her degree of M. D., and is now the chief physician of her husband and children. The queen was married at Lisbon thirteen years ago to the then crown prince, duke of Braganza, now King Carlos I.

Chicago's Population.

Stephen D. Griffin, supervisor of the public school census, estimates that the population of Chicago may reach the 2,000,000 mark this year. "Two years ago," said Mr. Griffin, "the school census showed 1,800,000 persons in the city. Chicago has not grown any smaller since then. We are taking especial care of the illiteracy figures this year because of the state demands." Of the 1,150 census books issued for the precincts only 175 remain to be filled in.

On Every Bottle.

Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two-thirds of the contents of this bottle faithfully, then if you can say you are not benefited return the bottle to our druggist and he may refund price they paid." Price 25 cts., 50 cts. and \$1.00. Sold by J. P. Baker.

An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough remedy very successfully for cough and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale at Smith's Pharmacy, Kodak agents, opposite P. O.

Boer Ambulance Wagons.

The British ambulance wagons are very inferior to those possessed by the Boers. The latter are made to accommodate eight wounded men, while those possessed by the British troops only accommodate two. Moreover, those of the British are very heavy and without springs; consequently when moving over rough ground, the tolling is very distressing and causes the sufferer a great deal of unnecessary pain.

Temperance

Women hold up Dr. Pierce's Golden Medical Discovery and "Favorite Prescription" as examples of what all medicines should be in absolute freedom from alcohol and narcotics. They are strictly temperance medicines. They contain no alcohol, neither opium, cocaine, nor any other narcotic. False formulas of Dr. Pierce's Golden Medical Discovery and "Favorite Prescription" having been published by ignorant or unscrupulous persons, Dr. R. V. Pierce as president of the World's Dispensary Medical Association, Buffalo, N. Y., the manufacturers of his remedies, offers one thousand dollars for any bottle of these medicines which on analysis shall show the presence either of alcohol or of opium, cocaine, or any other narcotic.

Suits against the originators and publishers of these false formulas have been instituted, and in order to effectually stop the publication of these malicious falsehoods, Dr. Pierce asks that his friends will send him copies of any circular, pamphlet, or other advertisement, in which the statement is made that "Golden Medical Discovery" or "Favorite Prescription" contains alcohol or opium or other narcotics. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Husband's Eulogy.

The minister tells the story himself. He had been called upon to attend the funeral of a wife and mother, and coming home from the grave he rode in the carriage with the bereaved husband. The latter had made no remark for some time and the clergyman felt that it was his duty to offer some consolation to the lonely mourner, and he was turning over in his mind appropriate words when the man began to speak slowly and thoughtfully. "She was a good woman," he said; "she took good care of my house, she took good care of my children, and she darned my socks." Then he drew a long breath, and concluded, with more emphasis: "But I never liked her."—Indianapolis Press.

Gloves for the Feet...

That is what you will say if you wear a Foster Shoe. They are the best made. We have talked with many ladies and find that no Shoe is as popular as a Foster. You once wear a pair and you never again will be satisfied to wear anything else. Like everything else that is the best it is the cheapest in the end. It will wear longer; it is always a perfect fit; it is a leader in style. We have just added to the line a new hand channel sole which is as flexible as a turn, and in weight, just between a welt and turn. It has the upper stock the same as in higher priced grades and made on the same lasts, but by this new process of hand channeling the sole, we buy it so that we can now sell it at...

\$3.50.

Just think of a Foster Shoe at that price. All widths carried in stock. We have a swell line of new summer Oxfords.

Fine Teas and Coffees...

We have from the beginning made a specialty of these lines, using every means to obtain the finest goods possible to retail at the different prices. We have been very successful in our efforts to give the trade something better for the money than that to which they had been accustomed. Our trade has steadily increased and the compliments and comparisons made by some of our enthusiastic patrons would fill a volume. We give no dishes or premiums, just straight Coffee and Tea. When you buy Coffee you perhaps do not care to BUY a piece of china also. Of our entire line our old original
